## Shipbuilding Support

The SMS Group, based in the West of Scotland, offers professional marine engineering services, in support of BAE Systems and Babcock International's shipbuilding activities in Scotland. The team, supported by a national network of SC SQEP, has the expertise in-house to provide labour support, undertake packages of work, and support numerous associated manufacturing work streams.

### SQEP Provision

The SMS Group routinely provides SQEP with shipbuilding expertise to numerous shipyards. The SQEP is available via varying contractual terms; from hourly rated, to scoped works packages. SQEP of the following trades is routinely provisioned by the SMS team in Scotland:

- Welders and platers.
- Supervisors and trade heads.
- Team leaders and zone managers.
- Pipe fitters.
- Mechanical engineers.
- Electrical engineers.
- Hydraulic engineers.
- Night shift workers; all trades.

## Work Packages

The SMS Group undertakes packages of works associated to shipbuilding. The packages are facilitated in-house and delivered in a turn-key fashion. Examples of work packages include (but are not limited to):

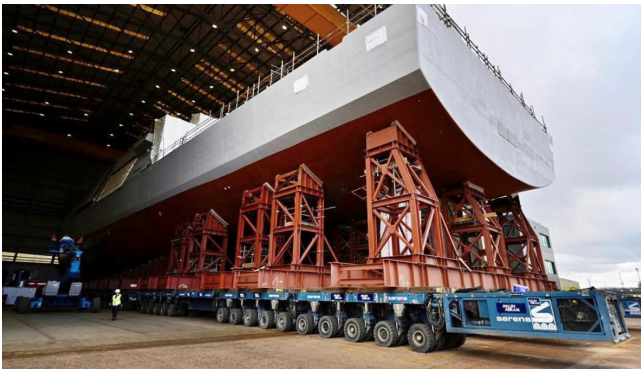

- Modular and unit lead fabrication.
- Pipe runs and installs.
- Link-ups and ships zones.
- Turn-key multi-trade compartments.
- Mechanical systems installation.
- Electrical systems installation.
- Hydraulic systems installation.
- Interior outfit; to include galleys and cabins

## Manufacturing

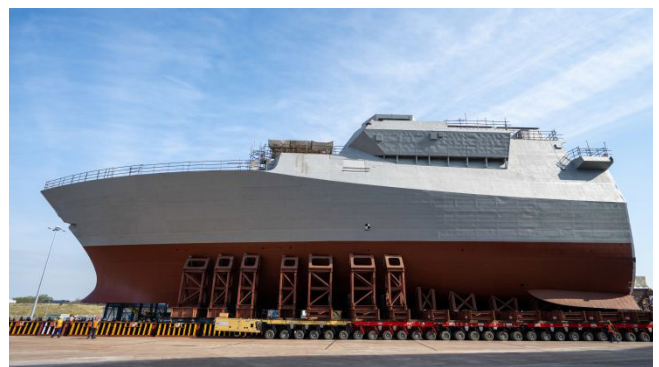

The SMS Group has the capability to manufacture bespoke and / or batch components for the shipbuilding sector. Examples of manufacturing packages include (but are not limited to):

- Bracketry.
- Pipe spools.
- Main and ancillary foundations.
- Frames.
- Bases.
- Seatings.
- Custom / miscellaneous fabrication.
- Cradles and jigs.

## National support

A USP for The SMS Group is the national coverage and end user support that the business can offer. SMS SQEP can support the shipbuilder/s during the commissioning and handover phase. With a permanent presence inside HMNB Portsmouth and HMNB Devonport the Co. can also support any newbuild warranty issues, or onsite support that maybe required post departure from the yard.
