

A reputation for excellence

Diving & Sub-Surface Engineering

The SMS Group has, in-house, a dedicated, experienced and capable Diving and Sub-Surface Engineering team. With plant, equipment, and SQEP based in Lowestoft, Dover, Portsmouth and Bristol the business covers works on a planned and emergency basis across the following regions: East Anglia, the Thames, South East and South West. These 'hubs' are fully resourced and available to respond immediately.

OUR MAIN MARKETS / CLIENT BASE:

- Vessel owners and operators
- Ports and harbours
- Utilities and infrastructure providers
- Water and environmental organisations
- Councils and government bodies; bridges, roads and rail infrastructure
- Civil engineering companies
- Builders
- Loss adjusters / insurers
- Canals, marinas, pontoons and moorings

The SMS team is multi-skilled, confined-space trained, and available with (or without) technical management on a 24/7/365 basis. We specialise in both planned and emergency works.

RAPID RESPONSE

- Easy access in to smaller culverts, sewage and water plants

THE CUSTOMER JOURNEY

We're proud of being different, we're proud of being SMS. We aim to take each and every customer on the following six stage journey.

EXPERIENCE

We share our own experience and our knowledge. We aim to illustrate knowhow, capability and trust.

RELATIONSHIP

We establish a personal relationship, and then we understand the customers exacting requirement.

PLANNING & PRICING

We plan the job, price the job, educate and inform the supply chain. We complete risk analysis and then we revert to the customer.

VALIDATION

As a team we peer review; and then we complete full customer validation.

PARTNERSHIP

We agree contractual terms as partners; collaboration is the key to successful delivery.

DELIVERY

The Project Manager - appointed on day one, has the relationship and experience; and they fully manage all the supply chain deliverables and complete the turnkey project.

Our customer journey not only depicts how we deliver, it illustrates how we care. The personal touch is at the heart of The SMS Group.

Underwater Works

Remote Operated Vehicle

SMS dive
Internationally; with
recent dives completed
in Europe and the
Indian Ocean.
